## **DETAILED ACTION**

### ***Election/Restrictions***

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

**Group I, claim(s) 35 - 44, drawn to a process of recycling waste.**

**Group II, claim(s) 45 - 54, drawn to a device to recycle waste.**

2. The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: the invention as claimed lacks novelty as disclosed by Mc Kinnon (WO 01/94457) who recycles waste materials via a crushing step, a depolymerization step in an oxidizing solution, a separation step and a repolymerization step.

3. The examiner would like to point out that the original claims were numbered 1 – 36. The amended claims cancelled 1 – 34 and start with amended claim 35. However, said claim 35 is equivalent to original claim 1 and not original claim 35. Likewise, amended claim 36 is not equivalent to original claim 36.

4. A telephone call was made to John Murtaugh on August 25, 2008 to request an oral election to the above restriction requirement, but did not result in an election being made.

5. Applicant is advised that the reply to this requirement to be complete must include (i) an election of a species or invention to be examined even though the requirement may be traversed (37 CFR 1.143) and (ii) identification of the claims encompassing the elected invention.

6. The election of an invention or species may be made with or without traverse. To preserve a right to petition, the election must be made with traverse. If the reply does not distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse.

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Frances Tischler whose telephone number is (571)270-5458. The examiner can normally be reached on Monday-Friday 7:30AM - 5:00 PM; off every other Friday.
